

# WEIBULL EXTRA LIGHT

Pearly Mimosa Extract

**WEIBULL EXTRA LIGHT** is an extremely pale Mimosa extract with excellent penetration and dispersion power, which results in leathers with good filling.

## Properties

**WEIBULL EXTRA LIGHT** is an extremely pale vegetable tannin obtained from selected raw material and subjected to a minimal clarification process, its concentration being compatible with that of regular Mimosa extracts. It is a versatile extract recommended in tanning and retanning of hides and skins. In tanning, it produces extremely pale, smooth leathers and improves overall appearance. In retanning, production of pale leathers, embossing retention and improved buffability are the benefits of using this product. Soluble in cold water.
