

WEIBULL LAB

WEIBULL LAB is a vegetable extract with uniform quality for general usage. **WEIBULL LAB** provides good penetration which imparts excellent fullness and roundness to leather. It is suitable for all types of leather.

Properties

When used in vachetta and belt leather tanning, **WEIBULL LAB** imparts a pleasant reddish-yellow colour, good fibre compactation and efficient exhaustion. When used in retanning **WEIBULL LAB** produces full, round leathers with tight grain. **WEIBULL LAB** is soluble in water.

Typical Analysis

Physical aspect: Hygroscopic, dust-free, light brown powder

Ionic character: Anionic

PCP: Free

Active matter (%): 93.5 – 95.5

Humidity at the time of packing (%): 6.5 – Maximum

Colour* Red: 2.0 – 2.5

Yellow: 4.0 – 6.0

Stability to electrolytes: Good

pH (20% v/w Aqueous Sol.): 4.0 - 5.0

* Standard colour test: Lovibond Colorimeter - 1 cm³ cell - analytical solution containing 0.4% v/w of pure tannin.

Application

WEIBULL LAB may be used either on its own or in combination with other vegetable, synthetic and/or auxiliary extracts/products.

It is recommended to use **WEIBULL LAB** as follows:

In tanning

20-30%: vegetable vachetta tanning

35-40%: belt leather tanning

In retanning

5-15%: chromed leather retanning

Storage

The properties of **WEIBULL LAB** powder shall remain unchanged providing it is stored in a dry, aired place, in tightly closed packaging and protected from sunlight.

Presentation

WEIBULL LAB is available in dust-free powder form, packed in 25 kg bags (net weight). It may also be supplied in bulk or pallets of up to 1.9 tons in weight.
